

### REQUEST MORE TIME IN REMOVING POLES

Short Line and Western Union Have Not Obeyed Orders of the City.

Representatives of the Western Union Telegraph company and the Oregon Short Line company appeared before the city commission yesterday to ask an extension of time in which to remove their poles from Third West street. The request was taken under advisement.

Recently the commission passed a resolution ordering the removal of the poles and instructing the street supervisor to remove them unless the railroad and telegraph companies complied within thirty days.

The poles in question have been the cause of much trouble on Third West street, owing to the congestion of traffic incident to the numerous railroad tracks that traverse the street. The city has made frequent demand upon the owners of the poles to have them removed, but has always met with the claim on the part of the railroad that the poles belonged to the Western Union and an opposite declaration from the telegraph company.

### APPOINTS DELEGATES TO MINING CONGRESS

Governor Spry yesterday issued a proclamation appointing seventeen delegates from Utah to the American Mining congress, which meets at Spokane, Wash., November 25 to 28. The delegates follow:

Robert J. Glendinning, Salt Lake City; Duncan MacVehie, Salt Lake City; William Knight, Provo; John Dorn, Salt Lake City; H. J. Beattie, Salt Lake City; Edwin G. Woolley, Jr., Salt Lake City; David J. Cook, Bingham; Alexander D. Moffat, Salt Lake City; F. V. Bellish, Sevier; James Wade, Salt Lake City; L. G. Burton, Salt Lake City; John McChrystal, Bureka; James J. Burke, Salt Lake City; Ernest Rammager, Salt Lake City; J. C. Sullivan, Bureka; Walter Fitch, Bureka; Robert Burns, Bureka.

### SEVEN DECREES OF DIVORCE GRANTED

Five Are Interlocutory and Two Are Final; Bench Warrant Issued.

Five interlocutory decrees and two final decrees of divorce were granted to matrimonially burdened persons by Judge C. W. Morse, in the district court at the regular matinee yesterday. Failure to provide and desertion were the only grounds of complaint.

A bench warrant was ordered issued for P. J. Peterson, who failed to come in to tell the court why he had not paid Nellie Peterson temporary alimony.

Henrietta Bailey found life with Arthur Bailey, flat and unprofitable, because he spent his time gambling and failed to keep replenished the family exchequer, according to her testimony. The decree was granted.

Priscilla May Newton was granted a divorce from Joseph M. Newton, causing her to lose her \$25 monthly alimony. She sued because of failure to provide.

Leah Farr Rositer, sought divorce from Russell G. Rositer on the ground of failure to provide. She testified that he had provided liberally until last February, when she went to live with her parents and had heard nothing of her husband since. The decree was granted without question and the plaintiff's maiden name was restored.

Jessie Shepherd told a story of desertion and failure to provide and was awarded a decree from Charles A. Shepherd.

When her baby came her husband left and has not come back, Mrs. Fern Kimball Chapman testified in her suit against Fred A. Kimball. Then the baby died. A divorce and restoration of maiden name was the reward for her sad tale.

Final decrees were granted Arthur S. Keep from Marie Keep and Lela Ford from Lewis B. Ford.

### MINADO LOCOMOTIVES FOR THE SHORT LINE

Twenty Big Engines Are Ordered and Sixteen Are on the Way.

Word was received at the office of W. H. Bancroft, vice president and general manager of the Oregon Short Line, yesterday, to the effect that sixteen of the latest Minado type locomotives recently ordered were now on the way to Omaha.

"We ordered twenty of the big freight locomotives," said Fred H. Knickerbocker, assistant general manager of the road, yesterday, "and are informed that sixteen are on the way from Pittsburg to Omaha and the other four will be started from the mills at Pittsburg in a few days."

When asked yesterday what effect the new motive power would have on the Oregon Short Line, Mr. A. Reeder, general freight agent for the Oregon Short Line, said:

"It will mean that there will always be an engine ready to move a car just as soon as it is loaded. If the cars are unloaded promptly and then kept moving the car shortage will not prevent our taking care of the heavy Idaho crops this year. I feel confident that with the new engines we can handle the situation to the satisfaction of the shippers."

### TIME IS LENGTHENED.

Run Between Chicago and New York to Be Made in 23 Hours.

The passenger department of the Pennsylvania lines announced through the Salt Lake office of the company yesterday that the Pennsylvania Special train No. 1, that has for the past seven years made the trip from Chicago to New York in eighteen hours, will be replaced November 11, 1912, by the new train, though it is practically the same train, will be the Broadway Special, which will make the trip in twenty hours.

Since the Pennsylvania was the first to put on the eighteen-hour train, this being done in June, 1905, it is considered that the other lines will all also lengthen the time between the two cities.

### Engineer Wyche Here.

Among railroad visitors to this city yesterday were T. W. Wyche, chief engineer for the Western Pacific, W. D. McLeash, traveling passenger agent for the Lehigh Valley, and E. H. Blakely, advertising agent for the Western Pacific.

### RACE FOR SPEAKER HAS ALREADY BEGUN

Four Candidates Mentioned; Senator Smith Probably Will Preside Over Senate.

At least four prominent members of the Utah legislature of 1912 have been mentioned for speaker of the house of representatives. They are David J. Cook of Salt Lake, Herbert C. Christensen of Sevier, C. E. Mabey of Davis and William J. Seely of Emery. Mr. Seely thus far is the only avowed candidate for the place, although the others are expected soon to announce their candidacy.

Mr. Seely had a hard fight for election in Emery county, and there is a possibility that an official count may reverse his present apparent small plurality and elect L. P. Dymon, the Democratic candidate. On the face of the returns as indicated at present Mr. Seely is elected by twelve votes. Mr. Seely was a member of the 1911 state legislature and two years previously was a messenger in the house.

Mr. Cook is a prominent mining man of Bingham. He stands well in the county and will likely receive the support of the Salt Lake county delegation in the legislature.

Mr. Christensen is a prominent merchant of Sevier county and was elected this year to replace a Democrat in the house. He received an overwhelming plurality.

Mr. Mabey is at present mayor of Bountiful. He is well known throughout the state by reason of his activities in the Utah Development league, of which he is president.

Senator Benner X. Smith of Salt Lake will likely be selected president of the senate. Senator Henry Gardner is at present the president of the senate and will be a member of the next state senate. However, it is understood that Senator Gardner will not be a candidate for re-election as presiding officer of the upper house.

Itch! Itch! Itch! Scratch! Scratch! The new skin medicine, Doan's Ointment, cures piles, eczema, any skin itching. All druggists sell it.

A lady letter leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulets (25 cents per box) correct the liver, tone the stomach, cure constipation. (Advertisement.)
